Tehran, Iran

ABOUT ME

I have a lot of experience in software development, about 18 years with many published projects. I have full stack developer skills in web-based projects with .NET Framework, etc.

I always have some solutions for difficult problems. I am creative and serious in my job and have a kind personality

❖ Education

No	Degree	Major	University/School	Score (from 20)	Start in	Finished
1	High school	Mathematics	Imam Sadiq high school	17.77	1995	1999
2	Bachelor of Science	Software engineering	Khwarizmi University in Tehran	14.48	2000	2004
3	Master of Science	Software engineering	QIAU in Qazvin	17.17	2012	2015

❖ Training Courses

No	Course	Location	score from 20
1	Advanced Software engineering course (SOA-service oriented architecture)	QIAU	17.5
2	Practical data mining with Rapid Miner	QIAU	18.0
3	Parallel algorithms and programming	QIAU	17.25
4	Advanced Databases course(Distributed Databases)	QIAU	17.0
5	Advanced Operating Systems course(Cloud computing, Virtual machines and distributed OS)	QIAU	16.25
6	Expert systems and knowledge engineering	QIAU	17.5
7	Text mining in Python	Self-Study	

❖ Articles

NO	Title	Publish in
1	Design and Analysis of Laws system at e-government portal	Bachelor Degree Thesis
2	Fuzzy clustering of Persian and Arabic texts based on ontology	Master Degree Thesis
3	Fuzzy clustering of Persian and Arabic documents based on ontology	Eighth Iranian Data Mining Conference

❖ Professional skills

1. Analysis and design and implementation of software systems with OOP and multilayered method
2. Senior in MVC.net Technology
3. Python, FastApi, Google Colab
4. Android programming
5. Senior programming, VB.net, C # .net
6. Web UI(html+css+javascript+jquery)
7. Web API+ React hook
8. Android programming with Java
9. Working with SQL Server, Oracle, Access, SQLite, MySQL databases
10. Mastering SQL Query, Store Procedure, Trigger
11. SEO
12. Installation, configuration and maintenance of Linux servers
13. Installation, configuration and maintenance of Windows servers
14. ICDL skills

15. Photoshop

❖ Projects(Analysis, design and implementation)

No	Project	Domain/Publish in	Platform	DB
1	Programmed automated pipetting system for labs	Khwarizmi University	C++/Console	_____
2	The NAJA Training Computation System Project(Web-based)	NAJA	Asp.net/C#	SQL Server
3	Law Browser version 1.0 (Electronic Library containing 130 Legal Books)	Laws publisher office	WinApp/VB.net	Access
4	Design and implementation of TreeView, Menu, Listbox UI ActiveX controls .	Laws publisher office	ActiveX /VC++	_____
5	Zarangar doc converter to Word doc	Laws publisher office	Win/VB.net	_____
6	Work scheduler program	Laws publisher office	Win/VB.net	SQLite
7	System of entry and exit of employees	Laws publisher office	Asp.net/C#	SQL Server
8	Laws publisher office (Electronic Circulation of books and Staff Performance Report)	Laws publisher office	Asp.net/C#	SQL Server
9	International Law Magazine (Electronic Publishing of 50 International Law Magazine)	Center for International Legal affairs(CILA)	VB.net	SQL Compact
10	Research in Holy Quran	Center for International Legal affairs(CILA)	VB.net	SQL Compact
11	Portal for International Lawsuits	Center for International Legal affairs(CILA)	Asp.net/C#	SQL Server
12	Law Browser version 2.0 and 3.0 with advanced searching feature (providing the latest information on the online system of laws)	Laws publisher office	Win/VB.net	SQL Compact
13	Law Browser version 4.0 with registration and updating feature	Laws publisher office	Win/VB.net	SQLite
14	The automated registration of laws information from the Secretariat system	Laws publisher office	Asp.net/C#	Oracle
15	Mechanized spell checker of Persian texts	Laws publisher office	Asp.net/C#	SQL Server
16	Electronic Law Library windows version (electronic publication of law books)	Laws publisher office	Win/VB.net	SQLite
17	Laws press (last news of laws and regulation)	http://dotic.ir	MVC.net	SQL Server
